Prophetic Update:

THE UNFOLDING OF END-TIME EVENTS

Brethren, the prophecy recorded in YeshaYahu-Isaiah 17 reveals that at some point after the coming destruction of Damascus [and Lebanon], the destruction and abandonment of northern and central Yisrael, and the defeat of the Psalm 83 Arab coalition to the south and the east, a massive multinational force will attempt to overwhelm the greatly diminished Holy Land and be utterly destroyed by the allies of Abba YAH. It seems quite likely that the last portion of Isaiah 17 is referring to the Gog-Magog coalition outlined in detail in Yakhezqel-Ezekiel 38.

According to the prophecies, after Ephraim has been abandoned "...because of the (true) children of Yisrael," at some point, the Gog-Magog forces will attempt to seize the remaining assets in the region, including the remaining Israeli infrastructure and technological resources. Also, the massive wealth of the decimated House of 'Esaudi' through *Aramco*, the second largest corporation on earth, will literally be "up for grabs."

YeshaYahu 17 reveals that the armies of Turkey, Russia, Iran, Ethiopia, Sudan, Morocco, Algeria, Libya, et al, recorded in Ezekiel 38, who come against Ha Eretz, will be totally destroyed in one night. This seems to indicate that the invasion will be launched sometime *after* the Psalm 83 attack, but before the natural seed of Ya'aqob returns to Ha Eretz en masse. SÉLAH.

IT'S KINGDOM TIME.
