PROPHETIC UPDATE: **THE ABRAHAM ACCORDS**

Shal'm!

Contrary to popular opinion, shaped by 'Cold War' anti-Soviet propaganda from the 1980's, the terms 'Gog and Magog' recorded in Ezekiel chapter 38 do not refer to today's President Vladimir Putin and Russia, but to President Recep Erdogan and the Republic of Turkey.

In fact, Anatolia, the ancient homeland of the Turks, dominated the area of what is now Russia during the age of the prophets; and its capital city of Constantinople became the seat of the Roman, Byzantine and Ottoman Empires that controlled Jerusalem for some twenty centuries. Without question, Anatolia was the preeminent power situated to the north of Yisrael.

Amazingly, a new 'Middle East' peace plan initiated by the Trump Administration - the 'Abraham Accords' - is normalizing bilateral relations between the state of Israel and a growing number of Sunni-dominated Muslim nations, and creating powerful new economic and technological opportunities across the region. That being said, a missing piece to this prophetic "puzzle" is the fact that the supposed Sunni Royals of Saudi Arabia practice 'Wahhabism' - the most extreme and most violent religious dogma existing within the Islamic world.

The Shiite-like authoritarianism and brutality of the House of Saud - along with the shrewd "westernized" reforms now being implemented by Crown Prince Mohammed bin Salman - have caused the Saudi Royals and all of Esau to be greatly despised by Sunni-led Muslim nations across the 'Middle East.' And the prophetic books of Obadiah, Ezekiel and others reveal that the same countries now beginning to establish partnerships with the state of Israel are harboring a secret plan; not against the Jews, but to utterly destroy the house of Esau.

The hidden truth is, the Sunni Arabs not only stand in opposition to the Shiite-led nations of Iran, Iraq, Bahrain, and Azerbaijan, but are even now conspiring among themselves to overthrow the House of Saud, just as the prophecies reveal.

So how do the current 'Abraham Accords' reconcile with the ancient prophecies concerning the end-time Arab assault on Ha Eretz? Could it be that the Psalm 83 prophecy was *already fulfilled* by the 1967 Arab-Israeli war? If so, then the destruction of Damascus and northern Yisrael recorded in Isaiah 17 will not be fulfilled by a future *Arab* attack, but instead, within the framework of the Gog-Magog alliance - which *excludes* the Arab nations. Under this new

prophetic scenario, the soon-coming all-out assault on the land will come from a confederation of *Japhetic nations only*. Perhaps the 'peace and security' existing in the 'Middle East' recorded in Ezekiel 38 will not occur through a catastrophic military defeat of the Yishmaelites - *our Abrahamic kinsmen* - but as a result of President Trump's landmark Abraham Accords. Selah.
