

OUR MISSION

The mission of the Church at Victorville is to gather, organize and unify a Kingdom city in the wilderness of America; as a divine demonstration of sovereignty and justice for true Yisrael and the world.

Over the past several years, the servant-emissary has received and inscribed a Divine Order of Governance, designed to evolve into a restored United Yisraelite Kingdom.

Now according to the standard definition, a *nation* is “a community of people who share a common language, culture, ethnicity or history.” By that standard, we as natural and naturalized Yisraelites are already a nation, but not yet an outward Kingdom.

On the other hand, a *state* is defined as “an organized community living under a unified political system.” And by that measure, our emerging government now hinges upon a Kingdom-wide restoration and ratification of the ancient House of David.

At this stage, the only other city-state requirement is a sovereign Yisraelite territory. And that standard shall soon be officially raised over the Kingdom, when Almighty YAH gathers His remnant into “the wilderness of the people,” as it is written.

Behold, saints: As anointed Yisraelites, we are indeed a Holy Nation – seeking to elevate our people and the world; as we evolve from our current state of sharing a common history and culture, into the eternal United Kingdom of Yisrael.

IT’S KINGDOM TIME.
