A ROYAL DECREE FROM THE HOUSE OF DAWID

2019

Yashah, a Servant and Royal Emissary of Abeinu YAH and Y'shua Ha Mashiakh, to the Sons of Dawid, Yahudah and Yerushalayim; to all Yahudah; and to Ephraim and the Commonwealth of Yisrael, Greetings.

My brethren, for as long as most of us can remember, the Hebrew Yisraelite-aware community has been deeply divided over the 'four-hundred years prophecy' recorded in B'resheet/Gen. 15.

As we all know, the 2019 end-date is based on the official 1619 historical marker of the introduction of chattel slavery into America. The prophecy reveals that after a four-hundred-year servitude, 'Avraham's seed' will come out of great affliction "...with great *substance*."

And now, the historical marker of 1619 has been codified in the recent landmark legislation 'H.R. 1242'; echoing the position of the proponents among us (of which I am one.)

Brethren, does this particular prophecy apply to ALL Yisrael?

Obviously, Hebrew Yisraelites were scattered across the length and breadth of the earth, according to the Torah. But surely, the final dispersal of the Kingdom of Yahudah was primarily southward into 'Africa'...

We who were delivered to the Americas -- *and to the United States in particular* -- have been specifically set apart from Yahudah in Africa, as well as from Ephraim and the Commonwealth at large.

Now, to be sure, many of our Hebrew Yisraelite ancestors were living, both free and bond, in the Western Hemisphere prior to 1619. However, 1619 marks the captivity beginning at Point Comfort, Virginia -- directly under the aegis of the revolutionary American experiment.

Let it also be known and innerstood that Hebrew Yisraelites from the United States of America represent a specifically set-apart component of the overall Diaspora; consisting primarily of the 'ruling class' of the Kingdom of Yahudah, i.e. the inhabitants of Yerushalayim and the Royal House of Dawid (Debarim/Deuteronomy 28:36).

Why the United States?

The underlying original intent of the U.S. Constitution was to replicate the Divine preeminence of ancient Yisrael. This destiny and purpose makes the United States of America totally unique among the nations of the earth.

To that extent, the four-hundred-year captivity of 'Avraham's seed' in fact began *under the thirteen British colonies of America*, in August 1619 CE; and set in motion a chastisement and processing that remains totally unique among the Diaspora.

(NOTE: The maiden voyage of "The Good Ship Jesus," which marked the introduction of chattel slavery into the Western Hemisphere *at large*, was to the *Spanish* stronghold of the Dominican Republic in 1562 CE, some fifty-seven years earlier.)

Finally, my brethren, the 'four-hundred years prophecy' specifically concerns Avraham's *seed* (singular), which the B'rit Khadashah/New Covenant reveals to be Y'shua/Yahushua/Yahusha/Yashaya/Yahawashi -- *The Messiah Himself* (Gal. 3:16).

Therefore, the Genesis 15 prophecy speaks only of those Hebrew Yisraelites determined by YAH to be in Ha Mashiakh Y'shua (Gal. 3:29). Selah. And clearly, the overwhelming majority of Hebrew Yisraelites in Ha Mashiakh are, and will be, Yahudim from America.

And so shall the Hebrew Yisraelites of Dawid, Yahudah and Yerushalayim fulfill the prophecy of B'reshet/Genesis 15 of an end-times mass Exodus of the seed of Avraham to the land of our fathers.

May the Grace and Mercy of Abba YAH be with us all.

Shabbat Shal'm/Sabbath Rest in Ha Mashiakh!
